## **Section 1 – Introduction**

This directory provides a list of Select Health Medicare’s network providers. To get detailed information about your health care coverage, please see your ***Evidence of Coverage (EOC)***.

You will have to choose one of our network providers listed in this directory to be your **Prietary Care Provider (PCP)**. Generally, you must get your health care services from your PCP.

Your PCP is the healthcare provider that you see to receive the care that you need to keep you healthy. He or she is usually the physician that you see most frequently and will diagnose and treat most common medical problems. Your PCP will help you coordinate all of your medical care and will communicate with specialist physicians and other healthcare providers to address your medical needs. As an in-network provider, your PCP will request prior authorization when required. Select Health does not require members to obtain a referral to receive services that are covered by our plan. If you visit a network provider, the provider will contact us to get prior authorization.

Your PCP may be any of the following provider types:

- > Family Medicine
- > Internal Medicine
- > Geriatrician

The network providers listed in this directory have agreed to provide you with your health care and vision services. You may go to any of our network providers listed in this directory. Select Health does not require a referral. If you have been going to one network provider, you are not required to continue going to that same provider.

Out-of-network providers are under no obligation to treat Select Health Medicare enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Member Service Department at **855-442-9900**, seven days a week from 8:00 a.m. to 8:00 p.m. TTY users should call 711. You may also refer to your ***Evidence of Coverage (EOC)*** for more information, including the cost-sharing that applies to out-of-network services.

**Select Health Medicare HMO members:** It’s important to know you are covered and where to go when you need care. Our plan covers all urgent care, emergency care, and emergency hospital admissions worldwide, no matter where you go. You also get benefits for renal dialysis and access to participating retail pharmacies and lab facilities nationwide.

Care provided by out-of-network providers that is not an urgent or emergency situation is **not** covered. Also, our plan does not cover any care that is non-urgent or non-emergency care received outside of the United States.

**You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor Select Health Medicare will be responsible for the costs.**

**Select Health Medicare PPO members:** It's important to know you are covered and where to go when you need care. You may select a PCP listed in this directory or any other PCP that will accept Select Health Medicare PPO plans. You may use in-network and out-of-network providers for all covered services. With the exception of emergency care and urgent care, it may cost more for out-of-network care and services.

### **What to do if you receive a claim?**

Providers generally bill Select Health directly for your care. We then pay the provider for you, minus the copayment or coinsurance. If you receive a bill directly from a provider, please mail the bill to the following address:

Select Health  
P.O. Box 30196
