Discover SelectHealth Secure Provider Tools that Support Your Practice

The Provider Benefit Tool (PBT)

Log in to the PBT to quickly verify benefits, eligibility, and claims status. Search options within the tool help you locate patients, claims, or remittance advice. Other features allow you to:

- > Search for benefits and eligibility information by SelectHealth member ID number, Medicaid ID number, name and date of birth, or SSN.
- > View a patient's claims history and status or processing information by individual claim or member rather than wading through an entire remittance advice (search via subscriber ID, claim number, or member name/date of birth).
- > Access processing or detailed information for a specific payment.
- > Securely request a reprint of a Remittance Advice/Explanation of Payment.
- > Search for provider claims by date of service or within a given date range.
- > Attach supporting documents to a specific dental; claim (when required) to facilitate reprocessing.
- > View dental member payment summaries, which provide benefit details, such as frequencies, limitations, and exclusions.
- > Quickly locate deductible and out-of-pocket accumulators.
- > Access outpatient physical, speech and occupational therapy accumulators.
- > If applicable, view Coordination of Benefits information to help determine the Order of Benefits for a member.
- > View medical and dental coverage history

Tips for PBT Users:

If you haven't used this tool for **over 45 days**, the program suspends your account. To reactivate your account, contact Provider Web Services at **800-538-5054, Option 2** or **providerwebservices@selecthealth.org**.

Medical and dental payment summaries

can be found once you log in to the PBT. For frequencies, limitations, and exclusions, you can check specific procedures for that information, and this document will personalize the results for the individual. Access the [Dental Payment Summary \(DPS\) key](#) to learn more.

Information Security: Use of the PBT requires access to the SelectHealth secure Provider Portal (login required - see [page 3](#)). To protect the security of our providers, clinic staff with access can only view provider data for those practicing under the designated Tax ID number(s) on file.

CareAffiliate®

Access this preauthorization system (secure login required - see below), a great time-saver for your practice (some requests even qualify for auto-approval). As we transition from fax/email preauthorization requests to electronic requests only, switching to CareAffiliate now will help your practice prepare for the future.

With this preauthorization submission tool, your practice benefits from:

- > Fewer overall required steps to preauthorization for your patients
- > No more duplicative efforts and potential errors when staff enter information from a paper form
- > Reduced response time, follow-up calls, and decision delays due to missing information
- > No risk of faxed member information being lost or sent to the wrong fax number
- > Automatic review and preauthorization decisions for many procedures

Tip for CareAffiliate

Users: When you request secure access to our Provider Benefit Tool, you will get CareAffiliate access by default.

Request Secure Provider Portal Access

The Portal is available to all SelectHealth contracted providers/facilities and their authorized staff/proxies. We encourage you to save time by using these resources if you already have access and to sign up for access if you are new to these resources.

Not a SelectHealth-contracted provider? You can always call our Member Services Department at **800-538-5038** for eligibility and claims status information.

To set up first-time access, you will need to submit **BOTH**:

- 1 The Login Application** — The official request for access; list **all** new users on this form.
- 2 The Information Technology Services Agreement (ITSA)** — An agreement between your office and SelectHealth regarding access to the SelectHealth system. You need only complete and return pages 1 and 14 of the agreement.

To add a user to an existing account, you only need to submit the login application.

Email all completed documentation to **providerwebservices@selecthealth.org**.

Tips for Requesting

Access: Download and complete the Login Application using Google Chrome; there may be some functional limitations if using Internet Explorer.

Need instructions for setting up 2-step authentication? Access and download our online **[Cybersecurity Guide](#)**.
