

Medicaid Expansion & Integration

Frequently Asked Questions

Q: Who is eligible for coverage under the January 1, 2020 expansion?

A: The Medicaid expansion means that adults with household incomes up to 138% of the federal poverty level—\$17,236 a year for an individual or \$35,535 for a family of four—will now be eligible for Medicaid coverage effective **January 1, 2020**.

Q: What is an integrated Medicaid plan?

A: As part of the recent expansion, some Medicaid members will qualify for an integrated physical and mental health plan in which an Accountable Care Organization (ACO), such as SelectHealth, will administer both sets of benefits.

Q: What is Mental Health Integration?

A: Mental Health Integration (MHI) is collaborative mental health care that is integrated into everyday primary care practice. Our goal is to balance patients' mental and physical healthcare needs while providing them the tools to take an active role in their health.

Q: Who has the integrated Medicaid benefit?

A: The integrated plan is available for Medicaid enrollees living in **Davis, Salt Lake, Utah, Washington, and Weber** counties who qualified for Medicaid under the expansion criteria and are covered by the integrated Medicaid benefit. Use **Table 1 (below)** to quickly identify benefit and coverage area for different Medicaid member types.

(or toll free at **855-442-3234**).

Q: How do I know if a patient has an integrated plan?

A: Look for the word “integrated” in the plan name (e.g., SelectHealth Community Care® Integrated or Integrated SelectHealth). Providers can verify eligibility and plan information by:

> Using either of these tools:

- [The Utah Medicaid Patient Eligibility Lookup Tool](#)

OR

- [The Provider Benefit Tool](#) on the SelectHealth Provider Portal (secure content login required)

- > Submitting an [EDI Eligibility Benefit Inquiry and Response \(270/271\) transaction](#)
- > Calling SelectHealth Member Services at **855-442-3234**

Q: Are medications prescribed for mental health conditions still covered?

A: Yes. Medications prescribed to treat mental health conditions remain covered and carved out to Fee-For-Service Medicaid. This has not changed.

Q: What are typical behavioral health services covered under an integrated plan?

A: Typical inpatient and outpatient services covered under this plan are indicated in **Table 2** at right.

Q: What behavioral health services require prior authorization for members on an integrated plan?

A: For these members, residential, and inpatient treatment requires prior authorization. Contact Member Services at **801-442-3234** or toll free at **855-442-3234** for more information.

Q: Where can members access mental health care?

A: Members can access mental health care as follows:*

- > **SelectHealth Community Care members who ARE on an integrated plan** can be seen by any in-network provider within the Community Care network.
- > **Expansion adults who ARE NOT on an integrated plan** can receive care through the county mental health system or through a Federally Qualified Health Center (FQHC). See **Table 3** on [page 3](#).
- > **Medicaid enrollees in Davis, Weber, and Washington counties** can receive care at some Intermountain Healthcare Mental Health Integrated clinics that have subcontracted with county mental health systems.
