

# Medicare Drugs with Special Requirements: Using the Look-up Tool

Follow the steps below to find drugs with special requirement benefits for SelectHealth Advantage® members and to submit online preauthorization requests.

1. Open [Drugs with Special Requirements](#) look-up tool.
2. Make sure you have selected the Medicare drug list. Learn more about the [Medicare drug formulary](#).

3. Look up the drug by either typing in the name or going to the relevant area of the A-Z index.

Brand Name	Generic Name	Special Requirement	Electronic PA Submission Form	PDF Link	Last Updated
Abraxane	ALBUMIN HUMAN, PACLITAXEL PROTEIN-BOUND	Prior Authorization	<a href="#">Start PA</a>		04/01/2021
Acanya	BENZOYL PEROXIDE, CLINDAMYCIN PHOSPHATE	Step Therapy	<a href="#">Start PA</a>		01/01/2021
Actemra	TOCILIZUMAB	Prior Authorization	<a href="#">Start PA</a>		05/15/2020

4. Based on the special requirement benefit information in the third column, start a preauthorization request by clicking on one of these 2 links.

(Note: See step 5 if preauthorization is for infusible oncology.)

5. For infusible oncology, start a preauthorization request by clicking on this link. (SelectHealth partners with AIM Specialty Health® for this service.)
