# Health Engagements

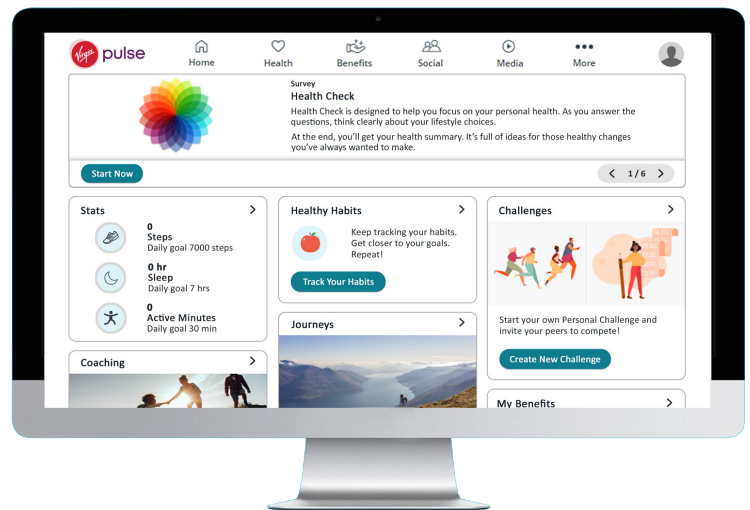

## ANNUAL HEALTH SCREENING

Annual Health Screenings give you a snapshot of your current health, while identifying possible conditions in need of further evaluation. You can contact your Human Resources department for event dates or meet with your SelectHealth in-network provider for a screening.

## HEALTH CHECK HEALTH ASSESSMENT

The Health Check is an online health assessment that gives you a summary of your overall health while offering tips for improvement. You can complete your Health Check from the Health tab on Virgin Pulse.

## JOURNEYS®

Journeys are digital coaching programs that help you create new healthy habits or keep the ones you have. You can access them on the Health tab of Virgin Pulse. Choose a Journey and learn ways to improve your self-care, stay connected, communicate better, and more.

Check in daily to complete your Journey. Missed a day? That's okay. Pick up where you left off and finish strong.

## ACTIVITY CAMPAIGNS
