SelectHealth Medicare Summary of Benefits Treasure Valley Idaho 2023

The Summary of Benefits is meant to help you understand what we cover and what you pay. It doesn't list every service we cover or every limitation or exclusion. To get a complete list of services we cover, call and ask for the "Evidence of Coverage."

Who can join SelectHealth Medicare (HMO)?

To join, you must be enrolled in Medicare Part A and Part B and live in one of our service areas.

The following Idaho counties are included in our service areas: Ada, Adams, Boise, Canyon, Elmore, Gem, Owyhee, Payette, Valley, and Washington counties in Idaho.

Which doctors, hospitals, and pharmacies can I use?

Our plans are on the SelectHealth Medicare network. It includes a wide variety of doctors, hospitals, pharmacies, and other providers. If you use providers that are not in our network, and it's not urgent or emergency care, your plan may not pay for these services. You can see our most up-to-date provider and pharmacy directories on our website, **selecthealth.org/medicare**. Or, call us and we will send you a copy of the directories.

For coverage and costs of Original Medicare, look in your current **"Medicare & You"** handbook. View it online at **medicare.gov** or get a copy by calling 1-800-MEDICARE (**1-800-633-4227**), 7 days a week, 24 hours a day. TTY users should call **1-877-486-2048**.

Important Message About What You Pay for Vaccines: Our plan covers most Part D vaccines at no cost to you.

Your Prescription Benefits

SelectHealth Medicare Essential (HMO) 003

The below cost-sharing table shows what you will pay for your prescription in the Initial Coverage Stage after you've reached your annual \$100 pharmacy deductible **OR** when filling a Tier 1 or Tier 2 drug. The \$100 pharmacy deductible does not apply to Tier 1 and Tier 2 drugs.

You stay in the Initial Coverage Stage until your year-to-date total drug costs reaches **\$4,660**. Then you move to the Coverage Gap (Donut Hole) stage.

You will generally pay 25% on brand-name and generic drugs while in the Coverage Gap. Once you reach \$7,400 in annual total drug costs, you move to the Catastrophic Coverage stage.

During the Catastrophic Coverage stage, the plan pays most of the cost for your covered drugs. You generally pay \$4.15 for generic drugs and \$10.35 for all other drugs—or 5% of the cost, whichever is greater. You will stay in this stage for the rest of the calendar year through December 31. For more information on how pharmacy coverage stages work, please see the Pharmacy section of the Enrollment Guide.
