

Agents earn \$55 for every House Calls visit.

Intermountain Health House Calls for Select Health Medicare members!

Program details.

We are excited to announce our partnership with Intermountain Health House Calls, which offers home visits for Select Health Medicare members. Your role is crucial in connecting members with this valuable service. You can earn \$55 for each completed visit when you:

- **Fill out the House Calls Referral Form** at the time of enrollment. You can also scan the QR code below.
- **Remind the member that Intermountain Health House Calls will contact them to schedule an appointment** for after their effective date.
- **Remind the member that they will receive \$20 on their flex card** after completing the health risk assessment and visit. They can also earn an extra \$40 for completing an annual wellness visit with their PCP.

House Calls Referral Form

Health**

How visits work.

- **In-person or virtual appointments:** Intermountain Health House Calls schedules visits either in-person or virtually.
- **Personalized care:** Members meet with a nurse practitioner or physician assistant to complete a Health Risk Assessment (HRA), and discuss their medical history, medications, overall well-being, and local resources.
- **Collaborative care:** All medical notes from the visit are shared with the member's doctor to ensure continuity of care.

NOTE: Intermountain Health House Calls visits do not replace primary care providers or annual wellness visits.

Questions?

Contact your Select Health Sales Account Executive or call the Select Health Answer Team toll-free at **855-442-9940 (TTY: 711)** on weekdays from 8:00 am to 9:00 pm MST.
