

# How to Request Secure Provider Portal Access

Navigate!

Click this icon for the help you need today!

The Provider Portal is available to all SelectHealth contracted providers/facilities and their authorized staff/proxies. We encourage you to save time by using these resources if you already have access and to sign up for access if you are new to these resources.

## Not a SelectHealth-contracted provider?

You can always call our Member Services Department at **800-538-5038** for eligibility and claims status information.

To set up first-time access, please submit **BOTH**:

- 1 **The Login Application** — The official request for access; list **all** new users on this form.
- 2 **The Information Technology Services Agreement (ITSA)** — An agreement between your office and SelectHealth regarding access to the SelectHealth system. You need only complete and return pages 1 and 14 of the agreement.

To add a user to an existing account, you only need to submit the login application.

Email all completed documentation to **providerwebservices@selecthealth.org**.

## Tips for Requesting Access:

- Download and complete the Login Application using Google Chrome; there may be some functional limitations if using Internet Explorer.
- Need instructions for setting up 2-step authentication? Access and download our online **Cybersecurity Guide**.

## Need help with Portal access?

Contact Provider Development by calling **800-538-5054** or by sending an email to **providerwebservices@selecthealth.org**
