Utah Transition Plan Application

This coverage is not required to comply with certain federal market requirements for health insurance, principally those contained in the Affordable Care Act. Be sure to check your policy carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services). Your policy might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage.

H. AUTHORIZATION AND ACKNOWLEDGMENT

The Select Health Transition plan is underwritten by Select Health BAC and administered by Select Health. I hereby apply to be enrolled with my listed dependents, if applicable, for coverage with Select Health BAC. When incorporated with the Contract, this application and the Member Payment Summary (MPS) become part of the Contract. Once fully signed and executed, Plan and I agree to terms set forth in the Contract. In connection with both this Application and any Plan coverage that may be obtained, I am acting as agent and/or as natural guardian for my spouse and other dependents. Further, in dealing with Select Health BAC, I agree to act on behalf of myself and my dependents. I understand that coverage is dependent upon my satisfaction of applicable underwriting criteria. I also understand that no coverage will be in force until each person listed above is approved by Select Health BAC, that no benefits will be provided for any services that begin before the coverage is effective, and that except as expressly provided in the Contract, benefits will not extend beyond the termination of either my coverage or the Contract.

Consent at enrollment. I understand that no agent or Plan representative is allowed to permit me to answer any question inaccurately, untruthfully, or incompletely, and I represent that that did not occur.

I understand that the data obtained by the use of this authorization will only be used to determine eligibility for coverage and for future benefit administration. I understand that my choice of healthcare providers whose services will be covered may be restricted by the Contract, and I agree that any services that are obtained without or contrary to required preauthorization/ precertification requirements in the Contract may be denied. I understand the coverage for which I am applying may limit or exclude certain conditions and may exclude conditions for which a family member (including myself) has received any medical diagnosis or treatment or taken any medication or where symptoms were or should have been evident prior to his or her coverage effective date, according to the pre-existing conditions exclusion provisions of the Contract. I understand that this application will become part of the Contract.

Notice to applicant regarding replacement of accident and sickness insurance. According to information furnished, you may intend to lapse or otherwise terminate existing accident and sickness insurance and replace it with a policy to be issued by Select Health BAC. Your new policy provides a ten-day examination period within which you may decide whether you desire to keep the plan. For your own information and protection, you should be aware of and seriously consider certain factors that may affect the insurance protection available to you under the new plan:

- 1. Health conditions that you may presently have (pre-existing conditions) will not be covered under the new plan. This could result in a denial of a claim for benefits under the new plan, whereas a similar claim might have been payable under your present policy or plan.
- 2. You may wish to secure the advice of your current insurer or its agent regarding the proposed replacement of your current policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your current coverage.
- 3. If, after due consideration, you still wish to terminate (end) your current policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical or health history.
- 4. Failure to include all material medical information on an application may provide a basis for the Plan to deny any future claims and to refund your premium as though your plan had never been in force. After the application has been completed and before you sign it, re-read it carefully to be certain that all information has been properly recorded.

Pre-existing Conditions. I understand that any pre-existing condition or service rendered for a pre-existing condition, as defined on the first page of this application and in the Contract, is not covered by the Transition plan.

I hereby declare that to the best of my knowledge and belief, the information given on this application, including the health information on page two, is correctly recorded, true, and complete. I understand that material omissions or intentional misrepresentations regarding information provided on this application could cause an otherwise covered service to be denied and/or could void any coverage issued. If I subsequently become aware of information different from that provided in this application, I agree to promptly provide that additional information to Select Health BAC.

The policy provides limited benefits. Review your policy carefully.
